

Composite Hose and Chemical Table

Rev. 1/14

WARNING! The following data is based on tests and believed to be reliable; however, the tabulation should be used as a guide ONLY, since it does not take into consideration all variables, such as elevated temperatures, fluid contamination, concentration, etc., that may be encountered in actual use. All critical applications should be tested.

Table with 8 columns: Chemical or Material Conveyed, Hose Inner Wire, Coupl. Mat., Seal Mat. Lists various chemicals and their compatibility with different hose materials.

Table with 8 columns: Chemical or Material Conveyed, Hose Inner Wire, Coupl. Mat., Seal Mat. Lists various chemicals and their compatibility with different hose materials.

Table with 8 columns: Chemical or Material Conveyed, Hose Inner Wire, Coupl. Mat., Seal Mat. Lists various chemicals and their compatibility with different hose materials.

Table with 8 columns: Chemical or Material Conveyed, Hose Inner Wire, Coupl. Mat., Seal Mat. Lists various chemicals and their compatibility with different hose materials.

NOTE: This chemical resistance table is intended as a guide only. Please consult Matec's technical department for chemicals not listed or for other extreme service conditions.
